

You will find in our database suppliers - usually the headquarters - of following ingredients:

A

- Acesulfame K (see *Intense sweetener*: Acesulfame K)
- *Acid*: Acetic acid
- *Acid*: Ascorbic acid
- *Acid*: Citric acid
- *Acid*: Encapsulated acid
- *Acid*: Fumaric acid
- *Acid*: Glucono delta lacton (GDL)
- *Acid*: Lactic acid
- *Acid*: Malic acid
- *Acid*: Sorbic acid
- *Acid*: Tartaric acid
- Agar-agar (see *Gelling agent*: Agar-agar)
- Agave syrup
- Agave syrup powder
- Almonds (see *Nuts*: Almonds)
- Antioxidants
- Apricot kernels
- Aspartame (see *Intense sweetener*: Aspartame)

B

- Bakery fillings (see *Fillings*: Bakery fillings)
- Bakery mixes
- Baking powder
- Bees wax (see *Wax*: Bees wax)
- BHT
- Butter (see *Milk product*: Butter)
- Butter powder (see *Milk product*: Butter powder)
- Butter fat (see *Milk product*: Butter fat)

C

- Calcium carbonate
- Candied fruits
- Candellila wax (see *Wax*: Candellila wax)
- Caramel colour
- Carnauba wax (see *Wax*: Carnauba wax)
- Carrageenans (see *Gelling agent*: Carrageenans)
- Cashews (see *Nuts*: Cashews)
- Cellulose & Cellulose derivatives

- Cereal proteins
- Chocolate couverture
- Chocolates fillings (see *Fillings*: Chocolates/pralines fillings)
- Citric acid (see *Acid*: Citric acid)
- Citrus peels
- *Cocoa products*: Cocoa beans
- *Cocoa products*: Cocoa butter
- *Cocoa products*: Cocoa liquor
- *Cocoa products*: Cocoa nibs
- *Cocoa products*: Cocoa powder
- *Coconut products*: Coconut concentrate
- *Coconut products*: Coconut desiccated
- *Coconut products*: Coconut milk powder
- Colouring agents
- Colouring foodstuffs
- Compound coatings
- Corn flakes
- Cream of tartar
- Cream powder (see *Milk product*: Cream powder)
- Cream stabilizer
- Crocant products

D

- Decorations
- Dextrins (resistant)
- *Dried fruits*: Cranberries
- *Dried fruits*: Others
- *Dried fruits*: Raisins
- Dextrose (see *Sugar*: Dextrose)
- Dulce de leche powder (see *Milk product*: Dulce de leche powder)

E

- Edible inks
- Egg albumen powder
- Egg powder
- *Emulsifier*: Lecithin
- *Emulsifier*: Mono- and diglycerides of fatty acids
- *Emulsifier*: other
- *Emulsifier*: PGPR
- *Emulsifier*: Sucrose esters of fatty acids
- Enzymes
- Erythritol (see *Polyol*: Erythritol)
- Expanded cereals

F

- Fat powder (vegetable)
- Fats & oils (vegetable)
- Fibres (insoluble)

- Fibres (soluble)
- Flavouring pastes
- Flavours
- Foaming agents
- Fondant
- *Fillings*: Bakery fillings
- *Fillings*: Chocolates/pralines fillings
- *Fillings*: Fruit fillings
- Fructose (see *Sugar*: Fructose)
- Fruit juice concentrates
- Fruit powder
- Fruit preparations
- Fruit puree
- Fruits dehydrated
- Fruits in alcohol
- Fumaric acid (see *Acid*: Fumaric acid)

G

- Gelatine-free texturizers
- *Gelling agent*: Agar-agar
- *Gelling agent*: Carrageenans
- *Gelling agent*: Gelatine
- *Gelling agent*: Pectin
- *Gelling agent*: Xanthan gum
- Ginger powder
- Glazing & polishing agents
- Glucono delta lacton/GDL (see *Acid*: Glucono delta lacton)
- Glucose syrup
- Glycerine
- Guar gum (see *Thickening agent*: Guar gum)
- Guarana extract
- Gum Arabic (see *Thickening agent*: Gum Arabic)
- Gum base
- Gumming agents / Pre-coating agents

H

- Hazelnuts (see *Nuts*: Hazelnuts)
- Honey
- Honey powder

I

- Inclusions
- *Intense sweetener*: Acesulfame K
- *Intense sweetener*: Aspartame
- *Intense sweetener*: Stevia
- *Intense sweetener*: Sucralose
- *Intense sweeteners*: Other
- *Intense sweeteners*: Thaumatin

- Inulin
- Invert sugar
- Invertase
- Isomalt (see *Polyol*: Isomalt)
- Isomaltulose (see *Sugar*: Isomaltulose)

L

- Lactic acid (see *Acid*: Lactic acid)
- Lactitol (see *Polyol*: Lactitol)
- Lactose (see *Sugar*: Lactose)
- Leavening agents
- Lecithin (see *Emulsifier*: Lecithin)
- Liquorice
- Locust bean gum (see *Thickening agent*: Locust bean gum)

M

- Macadamia nuts (see *Nuts*: Macadamia nuts)
- Magnesium stearate
- Maize Flour / Corn flour
- Malic acid (see *Acid*: Malic acid)
- Malt extract
- Maltodextrin
- Maltitol (see *Polyol*: Maltitol)
- Mannitol (see *Polyol*: Mannitol)
- Maple syrup
- Marzipan
- *Milk product*: Butter
- *Milk product*: Butter powder
- *Milk product*: Butterfat
- *Milk product*: Buttermilk powder
- *Milk product*: Cream powder
- *Milk product*: Dulce de leche powder
- *Milk product*: Milk calcium
- *Milk product*: Milk crumb
- *Milk product*: Milk powder
- *Milk product*: Milk proteins
- *Milk product*: Sweetened condensed milk
- *Milk product*: Whey protein concentrate
- *Milk product*: Whey powder
- *Milk product*: Yoghurt powder
- Minerals
- Molasses
- Mono- and diglycerides (see *Emulsifier*: Mono- and diglycerides of fatty acids)

N

- Nonpareils
- Nut paste
- *Nuts*: Almonds

- *Nuts*: Cashews
- *Nuts*: Hazelnuts
- *Nuts*: Macadamia nuts
- *Nuts*: Peanuts
- *Nuts*: Pecan
- *Nuts*: Pine nuts
- *Nuts*: Pistachios
- *Nuts*: Walnuts

O

- Oligofructose
- Organic ingredients

P

- Paraffin (see *Wax*: Paraffin)
- Peanuts (see *Nuts*: Peanuts)
- Pecan (see *Nuts*: Pecan)
- Pectin (see *Gelling agent*: Pectin)
- Persipan
- PGPR (see *Emulsifier*: PGPR)
- Pine nuts (see *Nuts*: Pine nuts)
- Pistachios (see *Nuts*: Pistachios)
- Polydextrose
- *Polyol*: Erythritol
- *Polyol*: Isomalt
- *Polyol*: Lactitol
- *Polyol*: Maltitol
- *Polyol*: Mannitol
- *Polyol*: Sorbitol
- *Polyol*: Xylitol
- Popping candy
- Potassium citrate
- Potassium sorbate
- Praline paste
- Probiotics
- Pullulan

R

- Raisins (see *Dried fruits*: Raisins)
- *Release agents*: Baked goods
- *Release agents*: Confectionery products
- Rice flour

S

- Shellac
- Sodium Bicarbonate
- Sodium Citrate

- Sorbic acid (see *Acid*: Sorbic acid)
- Sorbitol (see *Polyol*: Sorbitol)
- Souring agents
- Soy flour
- Soy proteins
- Spices
- Spirits (liqueurs)
- Starch
- Stevia (see *Intense sweetener*: Stevia)
- Sucralose (see *Intense sweetener*: Sucralose)
- Sucrose esters (see *Emulsifier*: Sucrose esters of fatty acids)
- *Sugar*: Dextrose
- *Sugar*: Fructose
- *Sugar*: Isomaltulose
- *Sugar*: Lactose
- *Sugar*: Sucrose
- *Sugar*: Trehalose
- Sunflower kernels
- Sweetened condensed milk (see *Milk product*: Sweetened condensed milk)

T

- Talcum
- Taurine
- Tartaric acid (see *Acid*: Tartaric acid)
- Thaumatin (see *Intense sweeteners*: Thaumatin)
- *Thickening agent*: Guar gum
- *Thickening agent*: Gum Arabic
- *Thickening agent*: Locust bean gum
- Titanium Dioxide
- Trehalose (see *Sugar*: Trehalose)

V

- Vanilla pod powder
- Vitamins

W

- Walnuts (see *Nuts*: Walnuts)
- *Wax*: Bees wax
- *Wax*: Candellila wax
- *Wax*: Carnauba wax
- *Wax*: Paraffin
- Wheat flour
- Wheat proteins
- Whey powder (see *Milk product*: Whey powder)
- Whey protein concentrate (see *Milk product*: Whey protein concentrate)

X

- Xanthan gum (see *Gelling agent*: Xanthan gum)
- Xylitol (see *Polyol*: Xylitol)

Y

- Yeast
- Yoghurt powder (see *Milk product*: Yoghurt powder)
